To qualify for the Autumn or Fall Special Prices as listed below, saving

up to 50% you will need to have the coupon number from the Autumn or Fall stand and painting display. If you are feeling the pinch with the Global Financial Crisis, (lets face it who isn't?), then I am hearing you and I am allowing everyone to pick up a pet portrait with or without the coupon. So don't delay put your order in today and save up to 50% off my regular prices!

My Pet Painted contemporary styled pet portraits don't require framing. They are painted on gallery style stretched canvas (see canvas styles below). Prices quoted here include one pet with a simple background (the best way to focus on your pet). All prices are fixed for the Royal Autumn or Fall but will be rising back to normal after the show finishes on .

```
var mydate= new Date()
var theyear=mydate.getFullYear()
var themonth=mydate.getMonth()+1
var thetoday=mydate.getDate()+3
```

```
document.write("Our prices maybe changing on the ")
document.write(thetoday+"/"+themonth+"/"+theyear)
```

Please note that should our prices rise after you have paid your 40% deposit, the price will be fixed to the old price on the day you made your booking. So do consider booking today to make sure you get the best possible price.

These prices are a guide to help you set a budget, and in most cases they are accurate. However, each painting is individual so prices may vary slightly, depending on the complexity of the portrait, the number of pets etc. For this reason your price is confirmed by email when I see your photos.

Non-standard sizes

Your pet portrait may suit a size or a shape that is not listed here.

Just ask and
I will try to source, or have made, a canvas size to suit you.

More than one pet?

For additional pets please add \$200 per pet per painting. (more elements means more time to produce).

Choose a canvas style

Gallery 38mm deep. Our normal canvas style for a more contemporary look when you don't want your painting to be framed.

Slimline 18mm deep. This is the best option if you choose to have your painting framed. The slimline canvas can be framed in more types of frames when compared to the gallery style.

Both styles of canvas are the same price, but the gallery style will be less expensive overall as you will not need to pay for framing, saving you about \$200.

When deciding upon which style of canvas to choose keep these things in mind.

- Where will the portrait be hung?
- Do you feel the look of a painting to be more finished if framed?
- What is the style of the room, contemporary or more traditional?

Ultimately the choice is yours and you should decide upon whichever you feel more comfortable with. I will need to know this BEFORE I begin your portrait. You can indicate this on the order form.
